Chapter 1 by Rebecca

My name is Scarlett. Scarlett White. I am a genius. I know i'm a genius because I searched up the symptoms on the internet and I appear to have almost all of them. I also know that most people don't like me because I seem to be the poorest person in my school considering the fact that i'm ranked 13th in the whole school.

I go to Betheny which is the most elite and expensive school in the state and plus, i'm not trying to be rude but I got in by a scholarship given to only one student every year-which is me- and even though most of the students here are smart, some of them focus more on their looks than on their studies. Perfect example, James Greyson and Alex Caden and their puny little gang of gross-out, ugly ogres.

Ok. They actually aren't puny or little or ugly or grossed-out and they definitely DO NOT look anything like ogres. Annoyingly James, Alex and their gang look more like really, really, REALLY good looking guys who are all -not surprisingly-Betheny's most models/superstars.

You won't believe what happened 2 years before...
